

A FREE group for parents/carers of young children 0-6 who have a disability, global developmental delay or chronic medical condition.

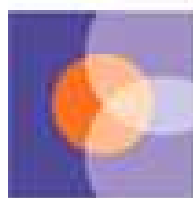

-ALL WELCOME -

Your child and their siblings will enjoy a free playgroup in a separate area at the same venue so that you can relax and enjoy some morning tea, the company of others and hear from guest speakers on topics of your choice.

A qualified disability care worker and volunteers will care for your children in a fun playgroup setting.

No children on that day - fantastic, it doesn't make a difference - we would love for you...and a friend if you like.. to come along.
