40 years of Hinze Dam

2016

Join us to celebrate 40 years of Hinze Dam

Come along to the **Hinze Dam Visitor Centre** on **Saturday 23 July 2016** from **10am to 4pm** to be part of the fun.

There are lots of great activities planned for the whole family, including music with Blue Poppy and Midnight Grove, historical and catchment creature tours, a fun interactive science show for kids and plenty of food stalls and displays.

The history of water supply in South East Queensland is a fascinating one – from the construction of Brisbane's first dam, Enoggera, to the development of the SEQ Water Grid.

Some of our dams are celebrating milestone birthdays this year, and as custodians of South East Queensland's water infrastructure, we want to celebrate water with our communities.
