Happy Term Two Everyone!

Helping hands Worongary has had such an eventful time over the past two months. There have been many changes around the service with lots of new displays and getting the children involved in many new activities.

I have shared with everyone before that we have been discussing different topics that reflect our service philosophy. We call this our "Fortnightly focus" where over the course of two weeks we have daily discussions about how we can shape our program to reflect these practices. The last two weeks we focused on Positive behaviour. The children have shown great understanding of this topic and had some brilliant answers that we have now displayed in our service.

Helping Hands has been extremely busy keeping all the children as engaged as possible.

We have established different clubs every day of the week for the children to participate in. We have dance club on Monday's, Leadership group on Tuesday's, gardening/sustainability club and drawing/animation club on Wednesday's, fitness and sports club on Thursday's and cooking club on Friday's.

They have made such great progress in their development and I can't wait to see how things progress in the weeks to come.

We have so much lost property in our red tub! Please come and have a look in our tub for any lost items.

At the end of week six, we will be taking all the lost property to the school lost property bin.

If you have any questions or queries, please feel free to call the Coordinator, Jordi Rowley, or our Regional Operations Coordinator, Maria Bamford, on our service phone: 0459 156 955

Many thanks

The staff at Helping Hands Worongary.
